President Moyer

THREW CHILDREN FROM STEAMER.

THEN MRS. JOHN W. WATERS JUMPED TO HER DEATH.

Secretary Haywood

Head officers of the Western Federation of Miners, suspected of being concerned in the murder of ex-Gov. Steunenberg.

several were about to leave the steamer when arrested.

MOTHER HAS COUNSEL.

(BY THE ASSOCIATED PRESS.—P.M.)

BOISE (Idaho) Feb. 20.—Attorney Richardson of the Denver law firm of Richardson & Hawkins, arrived here today and obtained from Gov. Gooding permission to see his client, President Charles H. Moyer, Secretary William D. Haywood, and G. A. Pettibone, former member of the Executive Committee of the Western Federation of Miners. For several hours, the attorney was in consultation with his clients at the State Penitentiary. No one has been permitted to see the prisoners except their counsel.

Steve Adams, alias Dickson, who was arrested yesterday at Helms, Or., and taken to Baker City, will be brought to Boise as soon as his extradition can be arranged. He is charged with complicity in the assassination of former Gov. Steunenberg of Idaho. Simpson is believed in this State.

WILLIAMS GOES TO DENVER.

(BY THE ASSOCIATED PRESS.—P.M.)

GRASS VALLEY, Feb. 20.—John C. Williams, vice-president of the Western Federation of Miners, who was summoned from his home in this city to Denver, to assume charge of the federation's affairs, pending the trial of President Moyer, will reach Denver tomorrow evening.

SEEK NOT INTERVENTION.

ADVISE TO MINERS AT STRIKING.

(BY THE ASSOCIATED PRESS.—P.M.)

SPRINGFIELD (Ill.) Feb. 20.—The annual convention of the Illinois District, Mine Workers of America, began today. State Secretary-Treasurer Ryan, in his annual report, dwelt almost entirely on the likelihood of a strike. He said Illinois miners are well prepared for a strike. He declared that, January 31, 1934, they had \$250,000 in their treasury. Ryan said his address was to be to advise of the strike intervention of President Roosevelt or any other person.

CLEVELAND, Feb. 20.—The full strength of the American Federation of Labor was pledged to the miners of Pennsylvania and other States by Samuel Gompers, president of the federation, today.

PROBING AT ANNAPOLIS.

House Committee Questions Commandant of Midshipmen as to His Attitudes Toward Them.

(BY THE ASSOCIATED PRESS.—P.M.)

ANNAPOLIS, Feb. 20.—The Subcommittee on Naval Affairs of the House of Representatives resumed its hearing today at the Naval Academy this afternoon. The only witness before the committee was Capt. George F. Colvocoresses, commander of midshipmen at the department of discipline of the Naval Academy. The session was not open to the public, but its close it was said by members of the committee that Colvocoresses' testimony was very lengthy. He was questioned closely as to the attitude of those having in charge the midshipmen, toward them. Superintendent Sands transmitted to the committee a copy of the resolutions adopted by the Second, now the senior class. Members of the committee have expressed themselves as gratified at the action taken by the midshipmen in the matter. Representative Taggart said tonight that the greatest importance was to be attached to the action, as it was the result of a voluntary movement on the part of the midshipmen. The route from the wharf to the Alford residence was lined with troops, all public and most of the private buildings were illuminated. The city was gaily decorated with flags and all the vessels in port displayed their bunting. The crowds, gathered for the night, stoned the offices of the Crito del Pueblo, which had supported former President Garcia.

BRINGS CONDEMNATION SUIT.

HONOLULU, Feb. 14, via San Francisco, Feb. 20.—United States Attorney E. W. Breckons has brought a condemnation suit to acquire title for the navy to fifty acres more at Pearl Harbor. Negotiations have been going on for some time to buy the land, but no agreement could be reached as to price, and Breckons received orders from Washington to proceed in a condemnation suit.

By General Acclamation.

In the high-class restaurants and hotels, in the home of the able provider, in fact wherever a good palatible service as a guide, the selection of Mott & Chandon "White Seal" vintage of 1900, is positively manifest, and this delicious product is proclaimed the "champagne of the day." No less than 98.87 cases of Mott & Chandon champagne were brought into the Port of New York during 1934, more than 50 per cent greater than was imported by the house second on the list, as compiled by the custom-house statistics. At all social gatherings, prominent functions, and banquets, the feature proper is "White Seal" vintage 1900, and the great increase of its sales is evidence of its continued popularity.

SMITH'S "OLD TIMES."

Mrs. Lillie Davis was this afternoon given a verdict of \$4000 against Townsend Smith, a wealthy real estate man, who, she claimed, kissed her against her will. Mrs. Davis, who said she first was acquainted with the defendant in California, several years ago, told the jury that she met Smith on the street here, and went to his office in the Boyce Building to talk over old times. Smith's method of "renew-

ing old acquaintances," she said, was to seize her in his arms and implant kisses after kiss upon her face.

BUILDERS FALL OUT.

A falling-out between Chicago building contractors and the organized building trades which have agreements with the employers' associations is threatened, and it is said that the wage scale which is now in force in Chicago is in jeopardy. This is in consequence of a meeting of the contractors, at which it was decided that no union would be recognized in the future where the specific agreement that its members should not engage in a sympathetic strike should be ignored.

ROBBED NEAR HOME.

After being beaten and choked until she was almost insensible Mrs. Josephine T. Loomis of Marquette Terrace, a prominent member of a Sheridan Park women's organization, was robbed of her jewelry and purse within fifty feet of

GREAT RAIL PROJECT WILL AFFECT SOUTH.

(BY DIRECT WIRE TO THE TIMES.)

PITTSBURGH (Pa.) Feb. 20.—[Exclusive Dispatch.] A great railroad project, destined to materially change the face of the industrial south, will be officially announced by the Board of Directors of the Southern Railway System in a few days from its headquarters in Richmond, Va. The project is nothing less than the construction of a trunk line from Tennessee to the States of Alabama, Georgia and Florida, and on to the southeast Atlantic coast. This line will also afford the West and middle West the shortest route to the Gulf States from Cincinnati and St. Louis. The project has been approved by the Board of the Southern Railway System of Tennessee. The comparatively insignificant line is now in operation between Johnson and Knoxville, Tenn. Its operation is only seventy-five miles. The project is the result of the purchase of the rights of way and franchises of this little line and the extension of it to the Gulf States. It is a plan, extension of the line to the Gulf States, which has been in the mind of the Board since the construction of the line was begun. It was brought up to the Board in 1904.

Construction has been made with the line from Tennessee to the States of Alabama, Georgia and Florida, and on to the southeast Atlantic coast. This line will also afford the West and middle West the shortest route to the Gulf States from Cincinnati and St. Louis. The project has been approved by the Board of the Southern Railway System of Tennessee. The comparatively insignificant line is now in operation between Johnson and Knoxville, Tenn. Its operation is only seventy-five miles. The project is the result of the purchase of the rights of way and franchises of this little line and the extension of it to the Gulf States. It is a plan, extension of the line to the Gulf States, which has been in the mind of the Board since the construction of the line was begun. It was brought up to the Board in 1904.

GRAND TRUNK PACIFIC. WILL BE BUILT WESTWARD. (BY DIRECT WIRE TO THE TIMES.) OTTAWA (Ont.) Feb. 20.—[Exclusive Dispatch.] Premier Laurier and the President of the Grand Trunk Pacific today gave the lie to the "pipe dream" that the Grand Trunk Pacific's western extension would be delayed and that no traffic would be moving over the line to the Pacific Coast complete. The information, according to the report, was first conveyed to the Federal government by cable, and now confirmed by letter. This astounding confirmation also covered the intelligence of the abandonment of the plan to build the Pacific Coast complete. The Grand Trunk Pacific will be built from the Pacific Coast to the Atlantic.

THOUSANDS MORE. FEED OF THE COLONISTS. The heavy trains of from ten to twenty cars each, over three trunk lines, pulled into Los Angeles from the East yesterday.

In these twelve trains there were 10,000 passengers, coming from the East and the West, and the added volume of the low fares, the railway officials say, will result in a continuance of the tide of travel for perhaps a year. Then they expect it to fall somewhat, only to be superseded by the final selling dates for the low rate tickets.

A. J. Miller, general manager of the Grand Trunk Pacific, arrived here from a two weeks' trip through Arizona and Texas.

TROLLEY-STEAM. THEY MAKE TRAFFIC DEAL. The Los Angeles-Pacific railway, the second line to Santa Monica and other beach points, has a traffic with the Southern Railway. This arrangement is a matter of interest to all those who use the road. By the arrangement the Southern Railway will carry the passengers to the beach, and the Los Angeles-Pacific will carry the passengers from the beach to the city.

JOHN R. WALSH'S ROADS. SETTLEMENT PROMISED. (BY DIRECT WIRE TO THE TIMES.) CHICAGO, Feb. 20.—[Exclusive Dispatch.] Important conferences are being held in Chicago, the outcome of which relates to the disposition of the roads and properties of John R. Walsh. The conferences are being conducted by representatives of the clearinghouse of the properties, and all the indications point to a successful issue. It is probable that no single interest will be the road, but that they will be divided among a number of parties. The conferences are being held in the city of Chicago, and the result is expected to be a settlement of the Walsh roads.

REBEL COSSACKS DEFY LOYALISTS.

ENGAGEMENT IS IN PROGRESS IN Ciscaucasia.

Mutinous Forces Retire to Native Villages in Mountains and Have Since Held Out There—Trial of Lieut. Schmidt and Thirty Sailors Begins Before Military Court.

(BY THE ASSOCIATED PRESS—P.M.) EKATERINODAR (Ciscaucasia, Russia) Feb. 20.—As this dispatch is filed, an engagement is in progress at the village of Geadinskaya, between 600 mutinous Cossack forces and the punitive expedition with five machine guns which left here last week to crush the insurgents.

The Cossacks comprised the garrison of Ekaterinodar, who, during the uprising of November, joined the revolutionists. When order was restored the Cossacks retired to their native villages in the mountains, where they have since held out, refusing to surrender their arms or the colors of the regiments.

The territory is remote and inaccessible and the loyal Cossacks have been unable to assemble a sufficient force to attempt the subjugation of the insurgents, who have contemptuously rejected the demands for their surrender. They are well armed and disciplined and heavy losses on both sides are anticipated.

SCHMIDT'S TRIAL BEGINS. (BY THE ASSOCIATED PRESS—P.M.) OTCHAKOFF (Russia) Feb. 20.—The trial of Lieut. Schmidt and thirty sailors of the cruiser Otchakoff and other students of the University of Odessa was begun today before a military and naval court. The trial is expected to last ten days. The general charge against all the accused is participation in a movement to overthrow the government by armed resistance, the punishment for which is death.

Lieut. Schmidt is charged, in addition to his friends, with activity since his youth in revolutionary circles, taking command of mutinous ships, telegraphing instantly to the Emperor and ordering the sailors to open fire on forts and local ships. Schmidt's defense is insanity.

PITIES MILLIONAIRE'S SONS. Social Settlement Needed for Them in Chicago, Says Rabbi Hirsch.

Philanthropy vs. Charity. (BY THE ASSOCIATED PRESS—P.M.) CHICAGO, Feb. 20.—"Along with the other social settlements in Chicago, let us open a settlement on the South Side for the benefit of the millionaire's sons. Most of these young men are failures. The successful ones, as we count success, are the exception. It seems to me that the rich are to be pitied."

Thus spoke Dr. Emil G. Hirsch of Sinai Temple, in an address at the dedicatory exercises of the new Maxwell-street Jewish settlement, at Twelfth and Clinton streets.

Dr. Hirsch asserted that the charitable acts of rich men were efforts in many cases to compel the admiration of their friends. He emphasized the necessity of true philanthropy in settlement work, and not mere charity on the part of the rich, who seek to secure praise for their own selfish enjoyment.

"It is a privilege for the rich to have the chance to contribute to an institution of this kind," said Dr. Hirsch, "and when the rich of it allowed men to turn over to it dead money to become a power for good, they were doing those rich men a favor."

"Charity, as the world is known to-day, is only a bribe of moneyed men to make a community forget the wrongs heaped upon it. Charitable people give money so that they may appear in the guise of a benefactor."

In place of the word "charity," let us substitute the word "philanthropy." This is the better word. It means the love of mankind, not simply charity for mankind. It is this spirit that has moved the founders of all settlements.

"As a matter of fact, the people of the ghetto here often are superior to the residents of the avenues and boulevards."

MURDER SIGNS ABOUT WILCOX.

SUSPICIOUS THINGS CROP OUT OF THE MYSTERY.

Body Found in Position Where It Seems Impossible Victim Could Have Gotten Had He Shot Himself. Strange Action of Widow After the Tragedy.

The deeper the death mystery of James M. Wilcox was probed by the police yesterday the more suspicious the case became. Some who investigated the case believe firmly that it was murder. The physician who performed the autopsy says he does not believe a man could be shot as Wilcox was and still be able to get out of bed himself and stretch on the floor flat on his back. The officers have found that five months ago Wilcox insured his life for \$500 in favor of his wife.

All the officers who went to the house after the shooting say that Mrs. Wilcox was intoxicated, and when one of them entered the back room to interview the woman she threw her arms around his neck and cried: "Will they hang me? Will they hang me?" "Did you shoot him?" asked the officer. "Why should I shoot him?" screamed the woman. "I love him and he is my husband. Why should I kill him?"

The coroner, Trout, is making a thorough investigation, and stated last night that he considers the suicide theory very far fetched, and that he does not believe that a man who had been in bed for five months could get out of bed and reach the place in the floor where he was found and also hide the weapon among the bed clothes. The autopsy surgeon found that the shot had been a hole through the man's heart into which three fingers could be inserted. It had entered the breast above the heart and ranged down, coming out the back and burying itself in the mattress of the bed.

The ravings of the woman did not ring true to the police. The fact that she had been drinking may have had some effect upon her actions, but when they questioned her closely she always screamed and rolled on the floor. Without being questioned regarding domestic difficulties, the woman declared that she and her husband loved each other and never had any trouble, and then she sat down on the floor and talked to herself and told of many quarrels with her husband and said: "I know you were jealous of me, Jesse, but I loved you and I tore up all those pictures and threw them away, and I was always true to you."

The officers learned that the woman had left the house to make a call on Cere avenue, but before going there had stopped at a saloon at Seventh and San Pedro streets and taken several drinks. Her husband followed her to the place she said she was going and got there before she arrived. Not finding her he went home. She made the call and then went back to the saloon and took more drinks, according to the officers, arriving home shortly before midnight. While the officers were still questioning her, she drew up her skirts and took a small bottle of liquor out of her stocking.

In her ravings she took care to explain that if she was the "killing kind" she would faint but that she was not that kind. In the back yard of the place the officers found several pieces of men torn up, and they suppose these are the ones the woman had reference to. The father of the dead man is J. Wilcox, 456 East Twenty-seventh street. Mrs. Wilcox was formerly Mrs. Fleming, and has a son, John Fleming, aged 15 years, who is a singer boy here. She was her husband's senior by eight or nine years. Coroner Trout will hold an inquest this morning at 10 o'clock at the morgue.

NEGRO SHOT TO DEATH.

ASSAULTED ALABAMA WOMAN.

(BY THE ASSOCIATED PRESS.—P.M.)

BIRMINGHAM (Ala.) Feb. 20.—A special from Andalusia, Ala., says that at midnight last night, a negro named Pedigo forced an entrance into the house of a prominent white citizen, the outskirts of the town and assaulted a young woman. Early today, a posse located the negro and he was killed by a shot to the head by members of the posse.

GIRL SHOT FOR RESISTING.

(BY THE ASSOCIATED PRESS.—P.M.)

SHREVEPORT (La.) Feb. 20.—Margaret Lear, aged 15 years, a school girl, was yesterday in the public road near here yesterday by a negro named Charles Coleman, who attempted to assault her and shot and killed her when she resisted. The negro was arrested two hours after the murder. More than a thousand men congregated around the jail to witness the hanging of the negro, but no attack was made.

KILLED BY GENDARME.

REV. THOMAS GARCIA'S FATE.

(BY DIRECT WIRE TO THE TIMES.)

EL PASO, Feb. 20.—[Exclusive Dispatch.] One of the foremost native Methodist ministers in Mexico, Rev. Thomas Garcia, was murdered at Guadalupe by a gendarme in that city. The policeman, after smoking marijuana and remembering some fancied wrong which he had suffered at the hands of the pastor, who had been vigorous in his denunciation of vice, sought out the minister and shot him down. Rev. Garcia living only a few hours.

Garcia had been absent from the city attending a conference and had returned but a few hours before he was shot. News of the tragedy has made a deep impression throughout Mexico. The victim was less than 30 years old.

SLEIN ON TRACK.

TRAGEDY ON RAILROAD.

(BY DIRECT WIRE TO THE TIMES.)

SAN LUIS OBISPO, Feb. 20.—[Exclusive Dispatch.] The mangled body of Paul Leueva was found on the railroad track at Edna, a small station six miles south of this city yesterday. Indications are that Leueva had been killed and that his dead body was placed on the track for the cars to mutilate.

The dead man had a bitter quarrel in this city Saturday with several residents of Lopez Canyon, who owed him money for chopping wood. Sunday morning he left this city for Lopez Canyon to collect his wages. That was the last seen of him. The body of a horse in which he made his trip from this city are missing. Officers are out investigating. Leueva formerly was a resident of Ventura.

DR. CALVIN CHLOROFORMED.

PROMINENT METHODIST DIES.

(BY DIRECT WIRE TO THE TIMES.)

JAMESTOWN (Pa.) Feb. 20.—[Exclusive Dispatch.] With his tongue nearly bitten in two and his distorted features showing that he had died in convulsions, the body of Rev. Dr. Robert Calvin, a Methodist minister, was found yesterday lying across a bed in his room over the Jamestown National Bank. Beside the body was a large

Machin Shirt Company
Makers of High Grade Shirts 124 S. Spring St.

bottle partly filled with chloroform, and the pillow on which the man's head lay was saturated with the deadly stuff.

Dr. Calvin was 30 years old, and had been preaching here four years, coming here from Cochranton, Pa. He was a single man, and his title of doctor came by virtue of a medical education. What adds mystery to the case is the fact that Dr. Calvin is known to have left a will, made January 23 of this year, in which he disposes of cash and property amounting to \$35,000, to relatives in Cochranton.

Every circumstance points to suicide, but the coroner is making a rigid investigation. The clergyman was of a sunny disposition, and never gave the slightest hint that he was in trouble of any kind that would lead him to take his life.

"BIG KNIFE" FOR CATHOLICS.

HONAN CHINESE HAVE KILLED A NUMBER OF CONVERTS.

Foreigners in Peking Receiving Many Queries Indicating Alarm Abroad—Foreign Ministers Agree That the Natives Were Never More Friendly.

(BY THE ASSOCIATED PRESS.—A.M.)

PEKING, Feb. 20.—Foreigners here are receiving telegrams from relatives indicating that there is a feeling of alarm abroad over the possibility of an outbreak of Chinese hostility. No disquiet whatever is felt at Peking.

All the foreign ministers agree that the Chinese here, both officials and people, were never more friendly to foreigners personally, although following an independent line politically. There is no anti-foreign movement in North China likely to lead to hostilities. There are troubles at Canton and Shanghai are not felt here.

It is reported from Honan that members of the "Big Knife Society" have killed numbers of converts to Catholicism as the result of a local quarrel.

MISSIONARIES CALM.

(BY THE ASSOCIATED PRESS.—A.M.)

RICHMOND (Va.) Feb. 20.—A cable message from Dr. R. J. Bryan, a missionary, has been received from Shanghai, China. It reads as follows: "No apparent danger."

Letters which came from the missionaries show that there is a state of unrest in China, but they do not seem to be alarmed about conditions.

WALKS OUT OF JAIL.

SWINDLER GASKELL VANISHES.

(BY DIRECT WIRE TO THE TIMES.)

BOSTON (Mass.) Feb. 20.—[Exclusive Dispatch.] A sensational jailbreak took place early yesterday morning, when Geo. H. Gaskell, a notorious swindler, racketeer and gambler, escaped from the Suffolk county jail.

Gaskell has had a most eventful career as a social lion, lawyer, reformer, gambler, financial writer, racketeer and swindler. He is known in Chicago, Detroit, San Francisco, Newark, New Orleans and lately, Boston. In Chicago he lived a dual life, courted by society on one side and robbing by fraud schemes on the other. In Detroit he studied law, when Chicago got too hot.

At Newark and in New Orleans he became a successful racketeer, gambler, and financial writer. He disappeared suddenly and turned up in San Francisco as Fred W. Jennings, a financial writer and later a racketeer operator.

DENOUNCE CROWD ACQUITTAL.

OMAHA COMMERCIAL CLUB.

(BY THE ASSOCIATED PRESS.—P.M.)

OMAHA, Feb. 20.—The Executive Committee of the Commercial Club, the leading commercial organization of the city, today adopted resolutions denouncing the recent acquittal of Pat Crowe, on the charge of robbing E. A. Cudaby, in connection with the kidnapping of the latter's son in December, 1930.

WOES OF DR. COWELL.

TOLEDO (O.) Feb. 20.—[Exclusive Dispatch.] Dr. G. E. Cowell, adjudged insane in California, whose young wife is a society leader in Colorado, has been arrested for sending obscene letters in the mail. It is a very peculiar case, his attorney intimating that an attempt is being made to rob him of fortune. He was also incarcerated in the Illinois asylum, by whom nobody knows, apparently.

CRIME BRIEFS.

Pockets Rifled, Body in Harbor.

ALAMEDA, Feb. 20.—The body of Frank E. Ashton of No. 1221 Grove street, Berkeley, was found yesterday afternoon in the mud in Oakland Harbor. He was last seen Saturday afternoon, February 17. At that time he had \$200 in his pockets and other personal effects, all of which had disappeared when his body was found, indicating foul play. Ashton was a son of Mrs. Charles Ashton, whose husband was a

member of the firm of Ashton & Gardner, real estate brokers in San Francisco. The money was given him to purchase property in Berkeley. He was 50 years of age.

Bandits Still Hold Col. Hannigan.

EL PASO, Feb. 20.—The bandits who kidnapped Col. Robert Hannigan, the Deming (N. M.) ranchman, from a stage near Silver City, are alleged to have collected \$500 ransom money to date. \$1000 from the colonel's wife from his son—yet they still hold him.

Officers fear to attack them in their retreat in the Mogollon Mountains, lest they kill the prisoner.

Parricide Gutter Raving Maniac.

MARTINEZ, Feb. 20.—Francis William Gunter, who murdered his father, Augustus Gunter, and seriously wounded his mother, at their home near Mt. Diablo, is a raving maniac in a cell at the County Jail. His frenzied screams and wild actions keep the inmates aroused. Close watch is kept over the parricide lest he succeed in destroying himself. There is a chance of recovery for Mrs. Gunter.

Boer War Veteran Held for Robbery.

CHICAGO, Feb. 20.—J. C. Hampton, a veteran of the Boer war, was arrested yesterday, charged with being the man who held up and robbed the station agent of the Southern Pacific Railroad Company at Dome, Ariz., early in January. According to the police, Hampton rifled the safe of the Wells-Fargo Express Company after he had commandeered the station agent at the point of a revolver to open the safe. Hampton will be held here until the Sheriff of Yuma county, Ariz., who has been notified of Hampton's arrest, comes to take him back to Dome.

HEINZES STOCK BROKERS.

NEW YORK, Feb. 20.—[Exclusive Dispatch.] It became known in Wall street today that the Heinzes will become stock brokers, and have acquired the New York Stock Exchange membership.

change and the Boston Stock Exchange. Otto Heinze & Co. of No. 42 Broadway, the head of which is a brother of F. Augustus Heinze, and Arthur P. Heinze, the Montana copper king, have recently bought exchange memberships.

GAMBLING WITH DEATH.

What Many of Us Are Doing Three Times a Day.

For everything we get, something is taken away. Every act pulls two ways. Some men in power dole out their souls for it. They can't have soul and power at the same time.

And so, in this quick-living age, most of us can't have energy and health at the same time. One or the other must be lost, and it is usually health.

We know we are doing wrong and would like to reform, but we have a morbid fear of being laughed at if we aim to live and act according to conscience and good sense.

Some of us break away for awhile and enslave ourselves to a diet. We read about the hardy Scotsman being fed on porridge and oatmeal, making soldiers of muscle and dash, and how Caesar's army was fed on corn. But the diet doesn't last long. We quickly swing back into the great line, eating and drinking to fulness like the rest, eating anything and everything, at any time and any way we like it.

What is a stomach for if it isn't to obey the palate?

But there is really no one rule applicable to everybody's stomach. What one man may eat, another may not. But the dyspeptic should remember that the death list has a dark shadow hovering over it with a long bony finger pointing to "died of heart disease." Physicians will tell us that there are few cases of heart disease that do not come from a stomach derangement.

It may be every man is brewing for ourselves a terrible case of dyspepsia. It may come upon us after breakfast tomorrow morning or after that oyster supper tomorrow night.

Acute indigestion means that you have even chances for death or life. That's the gamble you are taking. That precious gastric juice decides, as a rule, whether you continue to live or not.

Therefore, if you feel your food lies like a "lump of lead" on your stomach, beware! Your gastric juice is weak. It can't dispose of the food in time to prevent fermentation. Take something that will do it effectively, and at once. Take Stuart's Dyspepsia Tablets, the most powerful tablets in the world for the relief of all kinds of stomach trouble, nausea, indigestion, the worst cases of dyspepsia, fermentation, bloaty feeling, sourness, heartburn and brash.

One grain of an ingredient of these tablets will digest 2000 grains of food. Your stomach needs a rest at once. Stuart's Dyspepsia Tablets will relieve your stomach of more than two-thirds of the work it has to do, digesting perfectly whatever food there is in your stomach.

You can't do your work well, or be cheerful, or have energy or vim or ambition, when your stomach is bad. Make yourself feel good after a hearty meal, feel good all over, clear your mind and make you enjoy life, by taking Stuart's Dyspepsia Tablets.

Give your stomach a rest, so it can right itself, then you need fear nothing. You can get these tablets anywhere for 50 cents a package.

PALISADES

Through Car Service Via San Vicente Road Now in Operation

Mr. White prophesies that the tens of thousands who will come to Los Angeles in the next few years will "NOT care to live in mountains." He says they will be "MOSTLY SURF DWELLERS."

The great writer has carefully measured the situation. He has sounded a keynote that shrewd investors and home-buyers may wisely follow.

Climate is our strong asset—but the glorious Pacific is our greatest attraction from a residential point of view. Desirable home sites by the sea will attain a greater enhancement in value during the next few years than any other type of residence property.

The law of supply and demand determines the real value of ocean side property. The demand for desirable sites is increasing daily and the supply is comparatively scarce. This is the interesting situation which confronts the investor TODAY.

The beautiful Palisades is unquestionably the highest type of ocean side property on the Southern coast.

It is ideally located between the city of Santa Monica and the romantic Santa Monica Canyon.

It resembles the famous property on the banks of the Hudson; it is not "beach property," but elevated soil with ocean side advantages.

Situated on a towering bluff, with a sweeping ocean vista, with wooded canyons adjoining; with delightful mountain scenery; an elaborate system of boulevards, cement sidewalks, curbs, water facilities, gas, sewers, electricity, etc., the Palisades presents the best combination of residential elements in Southern California.

An investment in the Palisades today will bring more than an ordinary reward.

Visit the property today. Take L. A.-Pacific cars; enjoy a canyon crest ride over the scenic San Vicente road. Large lots; smallest 100 x 200.

WILL EXCEED ONE MILLION

William Allen White Tells Why He Believes in Great Growth of Population for Los Angeles

SAYS THIS GENERATION WILL LIVE TO SEE IT

Climate of Southern California Most Perfect on the Globe and Plenty of People Means Eager to Come as Soon as They Can Arrange It

At the invitation of the editor of The Evening News, William Allen White, the well known publicist and author, now visiting in Los Angeles, has consented to give his reasons, as he sees them, why he believes Los Angeles and environs are destined to enjoy a marvelous growth within the life of the present generation. Mr. White's forceful and direct statement is worthy of careful study. He is one of the clearest thinkers now before the public—Editor.

BY WILLIAM ALLEN WHITE

Changes that have come to Los Angeles and its vicinity in the last four years are marvelous, but they are no more wonderful than is the understanding of the causes of those changes, which forces itself upon visitors after an absence. Four years ago it seemed as if Los Angeles might, sometime, be a city of a quarter of a million. Now it seems inevitable that Los Angeles must be, within the life of this generation, the capital of a closely-allied population of more than a million. This population will be brought here by the surest asset that any community can have—climate.

Southern California is an area 75 miles wide and 150 miles long, and one-fourth of its width is mountains. In this strip of 150 by 75 miles is a climate more perfect than any other in the world now within reach of man. Globe-trotters say this climate is better than the Riviera. Persons of moderate means, and persons of wealth from all over the United States are as sure to come to this Southern California as the sparks are to fly upward. The United States is growing to be a country of moderately wealthy people. The number of moderately wealthy people who can afford to live without being confined to regular work in any particular locality will grow every year.

About 350,000 people live here now, and if the present growth of the United States continues two decades, that number will be doubled, and probably multiplied by three. These people will not care to live in the mountains. They will be mostly surf-dwellers, and it is certain that Los Angeles will be the commercial, industrial and social capital of this little empire, which may be called the Riviera of America.

It is the prophetic instinct in man, recognizing this coming greatness of Los Angeles, which forces him to pay city real estate prices for ground in the marshes near Long Beach, San Pedro, Redondo and Santa Monica, even though the reason for paying these prices is not now apparent. Instinctively, men know that this asset of climate, which is peculiar to the country about Los Angeles, will be coined into money by those who invest wisely. It is all a marvelous spectacle, this building of a distinct and peculiar social settlement here on this Southern California coast. America never has had anything like it, and probably never will have anything like it again.

Every place else in America, men work for a living. Society is organized on a basis of work. Here, society is organized on a basis of leisure, and is building up a great, pleasure-loving, ease-taking community, and even those who are building it are not aware of what they are doing. Sociologists, who delight in watching the wheels go around, should come here and watch the building of this unique community while it still has the scaffold enclosing it and the bricks lying about.

"SEE AN A FIRST" ONE TO TAX OR GARAGE

But in Pro

PASADENANS LIKE THE IDEA.

First to Take Notice of County Consolidation.

All Saints Club Hears Address by Earl Rogers.

Neighbors Would be Partners in Owens River.

Pasadena is the first of the municipalities in Los Angeles county to sit up and take notice of the proposition to simplify local government and consolidate the city and county of Los Angeles.

The Men's Club of All Saints' Church, composed of representatives and leading citizens of Pasadena, desiring to hear something about the movement, invited Earl Rogers to deliver an explanatory address on the subject of consolidation at the regular meeting last night. About seventy members of the club were present, and the meeting was well attended with keen interest to the general character of the plan made by Mr. Rogers, who prefaced his address with a statement that he appeared neither as an advocate nor as an opponent of the scheme, but would endeavor to make plain what it meant to Pasadena.

The proposition, said Mr. Rogers, made originally by citizens of Los Angeles, whose character gave it weight, was to consolidate the functions of certain city and county offices and thereby enhance efficiency and diminish the cost of administration. Dismissal of the matter was opportune, because Los Angeles was procuring a supply of water for herself and her neighbors, and it was fair that the cost of administration be distributed. The plan had not been felt in any form that could be called consolidation, but it was a step toward consolidation. Pasadena plans did not have just what is wanted or even what to suggest, but he had been unable to get any definite ideas from the members.

PRESENT SYSTEM CUMBERSOME. "We have in this county," said Mr. Rogers, "many municipalities whose functions interlock and whose administration is carried on in a wasteful manner. What is the use of having two mayors, each with a staff of deputies, and two police departments, and two fire departments, and two public works departments, and two health departments, and two parks departments, and two public utility departments, and two public safety departments, and two public education departments, and two public welfare departments, and two public recreation departments, and two public culture departments, and two public religion departments, and two public morality departments, and two public justice departments, and two public peace departments, and two public order departments, and two public cleanliness departments, and two public health departments, and two public safety departments, and two public security departments, and two public defense departments, and two public war departments, and two public navy departments, and two public air departments, and two public space departments, and two public time departments, and two public matter departments, and two public energy departments, and two public information departments, and two public communication departments, and two public transportation departments, and two public infrastructure departments, and two public services departments, and two public utilities departments, and two public amenities departments, and two public conveniences departments, and two public comforts departments, and two public pleasures departments, and two public enjoyments departments, and two public satisfactions departments, and two public contentments departments, and two public happiness departments, and two public well-being departments, and two public prosperity departments, and two public success departments, and two public achievement departments, and two public fulfillment departments, and two public completion departments, and two public perfection departments, and two public excellence departments, and two public greatness departments, and two public glory departments, and two public honor departments, and two public respect departments, and two public esteem departments, and two public admiration departments, and two public appreciation departments, and two public gratitude departments, and two public thankfulness departments, and two public praise departments, and two public commendation departments, and two public approbation departments, and two public sanction departments, and two public approval departments, and two public assent departments, and two public consent departments, and two public agreement departments, and two public harmony departments, and two public concord departments, and two public union departments, and two public fellowship departments, and two public communion departments, and two public participation departments, and two public cooperation departments, and two public assistance departments, and two public support departments, and two public aid departments, and two public help departments, and two public relief departments, and two public succor departments, and two public comfort departments, and two public consolation departments, and two public solace departments, and two public recreation departments, and two public amusement departments, and two public entertainment departments, and two public diversion departments, and two public pastime departments, and two public leisure departments, and two public idleness departments, and two public inactivity departments, and two public inertia departments, and two public stagnation departments, and two public torpor departments, and two public apathy departments, and two public indifference departments, and two public unconcern departments, and two public disinterest departments, and two public detachment departments, and two public disengagement departments, and two public disconnection departments, and two public disassociation departments, and two public disaffiliation departments, and two public disunion departments, and two public dissolution departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two public extinction departments, and two public obliteration departments, and two public erasure departments, and two public deletion departments, and two public removal departments, and two public deletion departments, and two public destruction departments, and two public annihilation departments, and two

PASADENANS LIKE THE IDEA.

Want to Take Notice of Coun-
ty Consolidation.

All Saints Club Hears Ad-
dress by Earl Rogers.

Neighbors Would be Parti-
cularly in Oceans River.

Members of the first of the munici-
pality in Los Angeles county to sit
and take notice of the proposition
to consolidate the city and county
of Los Angeles.

The All Saints Club of All Saints Church,
representatives and lead-
ers of the city of Pasadena, desiring
to know something about the movement,
invited Earl Rogers to deliver an ex-
planatory address on the subject of
consolidation at the regular meeting
of the club.

About seventy members of
the club assembled at the parish house
and listened with keen interest to the
very clear exposition of the general
features of the plan made by Mr.
Rogers. He prefaced his address with
the statement that he appeared neither
an advocate nor an opponent of
the scheme, but would endeavor to
explain what it meant to Pasadena.

The proposition, said Mr. Rogers,
was simply that of the city of Los An-
geles, whose character gave it weight,
to consolidate the functions of
city and county offices and
improve efficiency and diminish
the cost of administration. Dis-
cussion of the matter was opportune,
said Mr. Rogers, because the city of
Pasadena was procuring a large
quantity of water for herself and her
neighbors, and it was fair that the
city should be consulted on the subject
of the plan.

The plan had not been
in any form that could be called
a proposition. The committee organized in Los
Angeles to formulate plans did not
intend that it was to be a proposition,
but it was suggested, and he had been un-
able to get any definite ideas from the
committee.

THE SYSTEM CUMBERSOME.
"We have in this country," said Mr.
Rogers, "many municipalities whose
interior and whose adminis-
tration is carried on at needless ex-
pense. What is the use of having two
sets of officers, each with a staff of deputies,
to do the same work? There is waste
of money in double taxation, and
there is no reason why the money
should not be handled by one
set of officers. All sensible men
think there is no necessity for the
present system. It would
be a waste of money to extend the
present system to that of
Pasadena, which seems feasible and desir-
able. It is not intended that there
be interference in local affairs.
It is necessary that Pasadena
have its own affairs. Because Los
Angeles has facilities for assessing
taxes, it may wish to introduce
the same; you may still go to the
city of Los Angeles to pay taxes."

THE RIVER PROJECT WILL
FURNISH AN AMPLE SUPPLY FOR LOS AN-
GELES AND ITS NEIGHBORS. Why not all
the water in the river? He said
that the water and is going to
be sent to San Fernando. Yet
the water in the river is not
being used to the full. It will
be the raising of money on bonds
and enable us to secure better
water.

every citizen of Pasadena and dis-
cussed in all its phases.
Other members joined in the dis-
cussion and showed keen interest in
the subject, and the club finally resolved
to call another meeting and invite
members of the Los Angeles committee
to explain their plan in detail as soon
as they should have it worked out.

CHAMBERLAIN PUTS QUERIES.

JOE IN EVIDENCE AT OPENING OF
PARLIAMENT.

Hopes Government Will Promote
Interests of France at Algiers.
Discusses Proposed Changes in the
Government of Transvaal and Op-
poses Home Rule for Ireland.

[BY THE ASSOCIATED PRESS.—A.M.]

LONDON, Feb. 20.—When the mem-
bers of the House of Commons arrived
at the House yesterday afternoon to
commence the business of the session,
they found a motley crowd of women
waiting outside who were eager to en-
ter the legislative chamber in support of
the Women's Suffrage Bill.

In the House of Lords, the Marquis
of Northampton (Liberal) moved the
address in reply to the King's speech
and Lord Herschell (Liberal) seconded
the motion. Lord Lansdowne (Con-
servative) the former Foreign Secretary,
replied. He said, with regard to the
Algeiras conference, that he looked
with suspicion on any attempt to cor-
rect a bad administration by interna-
tional control. A single power was
much more likely to succeed. Lord
Ripon, Salisbury and Crewe wound up
the debate on the address, which was
closed when the House of Lords ad-
journed.

The House of Commons was crowded
when the brief session began. The
King's speech having been formally
read by Speaker Lowther, W. H. Dick-
inson (Liberal) moved the address in
reply to the King's speech.

Mr. Chamberlain then paid a tribute
to Mr. Acland's speech, and, turning
immediately to the fiscal question, he
said the government should remember
its majority in the House of Commons
was much greater, in proportion, to
its majority in the country. In fact,
the opposition had nearly half the
country behind it.

FRENCH SUPPORT POPULAR.
Mr. Chamberlain said he was pleased
to learn that there would be a con-
tinuity of Great Britain's foreign policy
and asked if the government could
give the House any information in
regard to the Algeiras conference. He
hoped Great Britain would be able to
promote the interests of France, be-
cause it would be in accordance with
the wishes of the whole country.

Mr. Chamberlain lengthily discussed
the proposed changes in the govern-
ment of the Transvaal colony. He de-
livered a fighting speech. He deman-
ded that the government give plain an-
swers regarding the proposed legisla-
tion for South Africa and Ireland, and
said that any measure looking to home
rule would meet with strenuous op-
position. He also warned the government
that it had not heard the last of tar-
iff reform.

Premier Campbell-Bannerman, who
replied, did not complain of the tone
of Mr. Chamberlain's speech. He said
the questions Mr. Chamberlain pro-
posed to ask would not harass the gov-
ernment. At the night session, the
Premier continued to defend the action
of the government in South Africa,
maintained that Chinese labor amount-
ed practically to slavery and resented
the use of the word "coolies" in the
debate. He said the government
was not ready to enter into de-
tails concerning the exact plan of the
government proposed for the Trans-
vaal. Regarding the Irish question,
the Premier said Ireland had not suf-
ficient voice in her own affairs.

John Redmond (Nationalist) congratulated
the Liberals on the great vic-
tory of their party. He said Ireland
had been cursed by the worst govern-
ments in the world and that it must
have self-government.

ZINC FREE FROM MEXICO.
EL PASO (Tex.) Feb. 20.—[Exclusive
Dispatch.] One of the most important
decisions affecting the mining industry
in the Southwest is that of the United
States government removing the duty
on certain zinc ores imported into the
United States from Mexico. Customs
Collector Sharpe at this port has been
authorized to admit calamine zinc ores
free of duty. As most Mexican ores
are calamine, this gives great impetus
to the shipment of zinc ores into this
country for treatment. Miners have
treated the ruling for a long time.
The duty on sulphide ore has been
raised, but this strikes only at a small
fraction of the zinc ores. The new
ruling will lead to a great increase in
zinc ore handled in Mexico, because
they can now be treated more advan-
tageously.

'FRISCO IS WIDE OPEN.

So Alleged Tucson Gamblers, Who
Are Shipping Their Para-
phernalia There.

[SPECIAL CORRESPONDENCE.]

TUCSON (Ariz.) Feb. 19.—It
is odd, but true, that the gam-
bling paraphernalia, which is
no longer allowed to be used
in Tucson, is being rapidly
shipped to San Francisco, where
the town is described by local
gamblers as being "wide open,"
since the second election of
Mayor Schmitz. Yet it is lo-
cally understood that San Fran-
cisco laborers under the impres-
sion that Arizona is a wild and
disolute region.

GUSSE HART'S DEATH.

NEW YORK, Feb. 20.—The police of
New York were called upon today to
investigate the death of Gusse Hart,
an actress 50 years old, who died in a
cab while being taken to her home by
several companions.
The matter at first was reported as a
possible murder, and several arrests
were made. It developed, however,
that the woman had fallen down at
a flight of twenty steps at an up-town
café, where she had spent several hours
with a party of friends. Her skull was
fractured, and she was hurried home.
Suspicion was aroused by the fact
that those who were with the woman
left her house after midnight and
physician. The coroner tonight dis-
charged all who were arrested.

GOODMAN BREAKS DOWN.

BOSTON, Feb. 20.—[Exclusive Dis-
patch.] "Kid" Abe Goodman, the
clever little Boston fighter has fought
his last ring battle for some time to
come, as he is now in very bad shape
physically and is partially deranged.
The trouble first manifested itself
after the fight, last Friday night, with
Arthur Cole Biddford, and is the di-
rect result of the severe punishment he

A VERY BUSY PLACE These are Days of Great Shoe Values at the

MAMMOTH SHOE HOUSE
519 South Broadway

Worth Your While to Investi-
gate.

Another great day of shoe bargains
—the continuance of the \$3 special
shoe at \$1.50 for Wednesday promises
to eclipse even last Monday's big sale,
and the \$1.95 bargain tables have been
replenished with both men's and
women's sizes from \$3.50 and \$4
lines embracing all the current sea-
son's styles, such as finest vic kids
in heavy or light soles in ladies' pat-
ent leather tips, military heels and in
patent leathers both for men and wo-
men. In addition to these they are
offering men's shoes in box calf, ve-
lour, etc.—the same generous values.
Fact is, it is the marvel of everybody
as to how they can make such phe-
nomenal prices on the high quality of
footwear offered. If you are going to
buy your new spring shoes you cer-
tainly should not let the opportuni-
ties of the present sale escape you.
Not only in these \$1.50 and \$1.95
lines are you able to find a bargain,
but at 98c and even \$2.45 and \$2.95
you will find scores of shoes that are
positively worth twice the sale price.
In children's shoes, too, great stacks
of them. Especially should you see
the boys' and girls' lines of \$2 shoes
at 98c; you can't match the values in
any other store in town. Smaller chil-
dren's sizes of shoes at smaller prices.
And if it rains and forces you to buy
rubbers, they just got in a big lot of
them right from the factory—good
and fresh and the Mammoth price is
always cheap.

received in fights recently. He is not
violent, but has hallucinations that his
enemies are laying in wait for him.
He has been taken to "Tom Murray's"
resort at Diamond Hill, R. I. for rest
and cure.

1-30th of the entire Quinine production of the World is consumed every year
by the makers of **Laxative Bromo Quinine Tablets**.

**Some Hints for
Visitors and Others**
from "Sun" Stocks

Better goods or better service than the SUN stores give it would be impossible to find. All that
the words "drug store" may suggest to you in the matter of reliability and careful attention are
exemplified to the last degree at the SUN stores.

We make our own prices. No one cares to sell for less than we do, for no one can and no
lose money. Quality considered, SUN prices can never be beaten.

Surgical Appliances
This department is in charge
of one of the best known sur-
gical appliance experts west of
Chicago. Prices on these goods
cannot vary satisfactorily be-
made, as they vary with indi-
vidual requirements, but you
may be assured of their reason-
ableness here. Assortments are
unapproached. A lady always in
attendance.

Prescriptions
There are no two right ways to
put up a prescription. The per-
fect way results from a combi-
nation of the purest and finest
ingredients and thorough scien-
tific equipment, as well as pains-
taking and conscientious care.
Every SUN prescription, no mat-
ter how small, is a product of
these. That the price charged
is low does not influence the
case one way or the other.

OVERELL'S REMOVAL SALE
SWEEPING REDUCTIONS

OVERELL WILL SOON MOVE TO THIS MAMMOTH FOUR STORY BUILDING—CORNER SEVENTH AND MAIN STREETS

Sensational Sacrifice Continues!
GREAT BARGAIN EVENT
FURNITURE AT 60c ON THE DOLLAR

Bargains galore. A sale without precedence. The one deep object of these monster price concessions is to
make a clean sweep of all lines. Profits are thrown to the four winds, the knife has been used with reckless
abandon; verily, a great sacrifice.

Do not delay, for you will lose a great opportunity to save. Shrewd and earnest buyers through our store.
On March 1 we secure possession of our mammoth new store. After a few days of remodeling, then the
greatest bargain furniture store in the West will open its doors to the public.

Houses.

FOR SALE—
A HOME BEAUTIFUL.
\$2500
\$2500
\$3500
Among other beautiful homes, on one of the prettiest streets in Los Angeles, we have a real bargain in an elegant, eight-room, well-furnished residence. The house contains beautiful down with handsome art windows; paneled woodwork; walls; pressed-brick mantel; oak floors throughout the downstairs. The living room is paneled and has wooden floors. The dining-room has beamed ceiling and wide French doors; handsome old-gold mantel, plate rail, and every modern convenience. Three of the rooms of this home are hung with luxurious imported hangings, the very best obtainable. The kitchen has every modern convenience. Fine pantry. In white enamel upstairs are four perfectly beautiful, sunny bedrooms, with built-in dressings and closets and bath. Bathroom is indeed a dream, painted in oil by a renowned artist, several heads being shown upon this beautiful creation. This home is new and complete in every respect. It is a house you will fall in love with. Let us show it to you. We have charge of this property for the owner.

TABLE 1. Continued

MUSIC AND THE STAGE.

ORPHEUM. James H. Cullen's thirty-third production did not have any particularly large-sized cast in the atmosphere when he was at the Orpheum two years ago, but this time he has the goods—the real laughing gas, from the factory. He has a lot of parodies and topical songs, and then he throws in some of his own for good measure, and, although he is not the topliner on the bill, it is a safe wager that half of last night's crowd will remember him as the brightest spot on the bill.

There is a horse at the Orpheum this week which is worthy of special commendation by reason of the fact that he does his tricks without the least bit of uncertainty which usually characterizes the work of trick horses. This is Luigi Rossi's "Emil," and he is about the most spirited little pony ever trotted the stage.

J. Francis Dooley, Ethel Brenner and Dorothy Ross have an act which would be better if they would make it a straight song and dance affair, and take a leaf from the book of the Three Michaels and inject a little essence of operatic into their work.

The Barovsky troupe of acrobats bring some original stunts in "boy music." There are two men, a woman, and a boy who is a gymnastic wonder.

Boyer and Buckley repeat their act of comedy act—Lola von Wenzel is still yodeling; the three Michaels in their red hot dancing; Baron's massed chorus and dance affair, and take a leaf from the book of the Three Michaels and inject a little essence of operatic into their work.

The brilliance of Miss Jordan's playing, combined with the solidity and musical virtuosity of Pejs Jordan's, was shown in a delightful musical memory act evening at Robinson Auditorium. It is very seldom that two capable musicians present studies for two people to the masters, and the writer, indeed, does not remember any such concert given here at any time.

Such Bach studies are rare, indeed, and when given make music for the musician—the small but appreciative audience last night being composed of such.

It was in the Mozart concerto, in E major, that the interpretation of the two instrumentalists showed at its best. Such is difficult indeed for the student of one performer, and when the two are put in the harness for the pure thought in places is well maintained. The suppleness and lightness of the Mozart allegro were exhibited in their fullest beauty, and the tender romance of the Andante, more chief by the fingers of Mr. Beck, afforded the tender contrast of light and shadow.

The Jordan and Mr. Storck closed their concert with a Saint-Saens scherzo, and Shurt's Valse Paraphrase. The Pejsa Kots, who assisted, closed her audience with a number of Schumann's songs—"Der Schwanensee," "Walderosen," and "Frühlingsschacht."

Another concert of last evening was the first recital of the Los Angeles "Vocal" of the American Music Society, held at the "Tonhalle" studio, 1107 E. Main street. This is the first of a series of six recitals to be given in Los Angeles and Pasadena, and the music of Romance, the new will take up, in turn, the music of Psychology, Technique, Philosophy and Inspiration. The interest in this organization is general throughout the better musical circles of the city, and in consequence the audience was good.

The programme included Carl Trosch's "Dance of the Daisies," played by Miss Coleman and Messrs. Walper and Monfeldt; Arthur Farwell's "The Song of the Lark," sung by Miss Coleman; songs by Harry Clifford Lott, and songs by Mrs. MacDonald; a piano solo by Mr. Schenck; a violin number by Mr. Walper; and a vocal number by Harry Lott.

Miss Johanna Gadske's programme, which she will give at Simpson Auditorium next Tuesday evening, is in two divisions, the first consisting of classical German songs, the second of songs by American composers, and the third of miscellaneous compositions. In the German songs Schumann, Frank, Schubert and Brahms will be represented, while American composers include Macdowell, Leighton, Mrs. H. H. A. Bach, Arthur Foote and Can Der Schenck. Strauss is also represented, and the beautiful old Scotch "Loch Lomond."

The music to be given by the Elmer West at Venice this evening will be by French masters exclusively, and will include compositions by Gounod, Thomas, Massenet, Herold, Godard, Saint-Saens. The leading number will be the garden scene from "Faust," and the third act of "Mignon."

SAN DIEGO. BOND SALE ASSURES WALL. (SPECIAL CORRESPONDENCE OF THE TIMES.) SAN DIEGO, Feb. 20.—The sale of Colorado sea-wall bonds yesterday at a premium of \$115 on a principal of \$100, means much for the future of San Diego, as it insures the construction of a sea wall along the ocean front, westerly from the hotel nearly to North Island, the wall being of an average height of about fifteen feet. The hotel owners recently have considered a protection against the waves, and the fear of the hotel, which is close to the edge of the water. Bids for the new work will be called for at once, and the washing away of the ocean toward a year ago, the uncertainty of what might be done about building a new wall has caused a depression in real estate at Coronado, but it is expected the prices will begin to advance at once.

MUDGE TO VISIT CITY. Railroad promoters are much cheered by the report that Vice-President Mudge of the Rock Island will visit this city on his western trip, and he has not done since he became a leading member in the road.

COAST BREVITIES. The preliminary examination of the township Justice Court today to the account of the illness of Daniel Danahy, of Los Angeles, against J. V. Larzere, claiming damages in the treatment of the plaintiff's leg, the court today said that the injury being due to a swelling of the leg, the leg was not fractured.

Later an examination of the X-ray showed one of the bones of the leg broken.

M. O. Brown, one of the oldest citizens of Coronado, died yesterday. He had been a resident of the Coronado district up in the mountains. He leaves a widow and one son, George Brown.

MEMORIAL ASSOCIATION. (SPECIAL CORRESPONDENCE OF THE TIMES.) SAN DIEGO, Feb. 20.—The memorial association of the National City, died yesterday. He was a native of England, and has resided at National City for some years.

The San Diego Directory Company

THE MARK OF GOOD CLOTHING

There's a Touch... of Spring About this Store

The new Spring suits for father and son—the latest ideas in male attire of every kind now on display at this store suggest Spring. Notice our window displays.

We're also exhibiting the newest Spring styles in men's hats, topcoats, overcoats, outing trousers and other things.

Also a wealth of new apparel for boys. You'll find the right prices on all the new goods and reduced prices on the balance of our winter stock.

We cordially invite your inspection of these bargains of Spring, whether or not a purchase is made.

Harris & Frank
LEADING CLOTHIERS
887 to 941 S. Spring St.

Staub's will close at noon tomorrow, 22d—Washington's Birthday.

Showing the New Spring Nettletons

Showing the new spring Nettletons means exhibiting America's finest footwear for gentlemen.

In quality, in originality and in exclusiveness of styles, in workmanship and elegance of finish, no other shoes can equal Nettleton's.

All the latest models are here, including tans, patent leathers, fine kid and calf leathers—both shoes and oxfords.

\$5, \$6 and \$7 the pair. Ask to see "Piggin"—the very latest for swell dressers.

Mail orders carefully filled. Send for self-measurement blanks.

LILY CREAM

We guarantee every can of Lily Cream to contain absolutely nothing but pure, natural milk—scientifically treated and sterilized. Use it for health's sake.

Pacific Creamery Co., Los Angeles, Cal.

has filed articles of incorporation, the directors being Dana Burks, Edwin D. Morrison, Ocean Park; John S. Akerman, Melville Klauber and Frank P. Pray, San Diego.

At yesterday's annual meeting of the Spreckels corporations all of the old officers were re-elected. John D. Spreckels was here to attend the meetings.

Joseph Marshall, aged 77, for fourteen years a resident of this city, died yesterday. Previous to coming to San Diego he was interested in mining in Arizona.

Richard A. Garrison of Morrison, Ill., a native of New York, died yesterday, aged 69. He leaves a widow, three sons and two daughters.

CORONADO BEACH. CONCERT AIDS LIBRARY. (SPECIAL CORRESPONDENCE OF THE TIMES.) CORONADO, Feb. 20.—There was a large attendance last night at the concert given by Miss Florence Schinkel and J. Hugh Allen for the benefit of the Coronado public library. The patronesses of the affair included Mrs. William Claton, James P. Gardner, James P. Flower, William Dummer and Beverly Condit.

ARRIVALS AT HOTEL. Among yesterday's arrivals at the hotel were Mr. and Mrs. W. J. Stoves and two children, Kansas; Mr. and Mrs. William M. Smead, Greenfield, Mass.; Mr. and Mrs. H. Voorhis and Miss Janet Nyack, New York; Mr. and Mrs. Charles D. Lyons, Grand Rapids, Mich.; Mrs. N. H. Slack, West Virginia.

Robinson Company

Splendid showing of new street hats just in from New York. Fare more attractive than last season's shapes.

White Linen Suits

Yesterday's express brought a dozen distinctively new styles in women's suits of white linen. The Boleros are elaborately trimmed with exquisite Venise lace or with Irish Crochet. Skirts trimmed to match, of course.

Wonderously beautiful creations for so little money—twenty-five to sixty-five dollars.

(Second Floor.)

On Friday a sale of white cotton waists. Particulars tomorrow.

Stamped Linens

Priced Unexpectedly Low

If you are the least bit interested in embroidery work a look at these new stamped linens will make your fingers "itch" to begin work on them.

20-inch Pillow covers of ecru linen in scroll designs which although very effective, are easy to work. We've one of them finished in shades of green and black which work out very prettily on the dark, green linen. Stamped pieces are 40c.

20x54-inch linen dresser scarfs, with hemstitched edges and drawn work borders; stamped in designs that are very pretty and very easy to work. Specially priced at 75c.

Four-and-a-half yard lengths of Scrim ruffling—quite enough for finishing any ordinary pillow—in pink, blue, red and green—priced by the piece, 75c.

On Fridays we give free instruction in the use of all art materials bought here. Hours 9 to 11 and 2 to 4.

(Third Floor.)

On Friday a sale of fabric petticoats at prices averaging a full third under actual values. Samples. That one word explains it. Particulars in Thursday papers.

Coulter Dry Goods Company

Spring styles in apparel and fabrics, representing the latest ideas of the leading designers, are now being shown in our stocks. New lines are received daily; these early showings express that degree of originality and exclusiveness which is always characteristic of the merchandise of this store.

Mighty interesting Black Silk News Thursday. Watch for it.

This Will Be the White-est of All White Goods Seasons

Do you know what to buy? Do you want to know the new things—the clever novelties—the exquisite fabrics which we've brought together from home and foreign looms? Then read the following, watch our display windows, and take advantage of the resources our unequalled buying organization offers you.

And perhaps you remember how, last May, when everybody wanted white goods, the supply was woefully short. You said then you'd be more forehanded next year with your purchases.

35c and 40c Mercerized Waists 25c

The beauty, finish and grace of these highly mercerized oxford, madras, pique, nainsook and lace effects will mark the smartly dressed woman at all summer fetes where white wash goods are dominant features of the costumes.

Fifty pieces of the newest and freshest, in a diversity of designs seldom equaled, have been cut from 35c and 40c to 35c a yard. Representative effects in a Broadway window.

75c for \$2.00 Waist Patterns

Every woman who sees these exquisitely embroidered patterns in our window, wants one or more, for it's obvious that values so good aren't obtainable except under unusual circumstances. We bought these under-price, and can sell them so.

White Linen Finish Suitings

For shirt waist suits and separate skirts these are splendid; inexpensive, too, 12 1/2c, 15c and 20c.

Indian Head Suitings

36-inch width shirred, soft finish Indian head suitings, 15c; 45-inch width, 20c a yard.

75c Mohairs 35c

Whenever we advertise a sale of mohairs, we're sure of more than usually prompt response, for these fabrics never have in popularity among fastidious women. Their freedom from spotting, and their dust-shedding qualities, commend them as dresses for day-time wear.

If you want a navy, black, tan, green, red or gray gown of forty-inch mohair, which regularly sells for 60c and 75c, buy it today, while the price is 35c a yard.

EVENTS IN LOCAL SOCIETY.

ONE of the jolliest compliments was the trolley ride with which Mr. and Mrs. Harry B. Ainsworth of Redondo entertained yesterday in compliment to Mr. and Mrs. John Ainsworth and Miss Maude Ainsworth of Portland, Or., who are visiting the Ainsworths at their Redondo home. The trip was made in the motor car "Redondo," by way of the Soldiers' Home,

was held, pink and white was combined with good effect.

The bride wore a gown of embroidered white net over tulle, and carried a shower bouquet of white sweet peas. She wore a veil of soft tulle caught with orange blossoms. Mrs. John Thornton, who acted as matron of honor, wore white lace over satin, with touches of blue. Little Helen Powers, wearing white over blue, served as

Japanese drama, "Mitsu-Yu-Nia," given by Miss Williams for the benefit of the Sunshine Society.

Guests for the afternoon were Misses Alma and Edith Vail, Nancy Willard, Eleanor Workman, Juanita and Grace Amestoy, Benona Wartelle, Florence Wilson, Clara Wilson, Frances Finlay, Florence Baker, Georgia Williams and Masters Overton Walsh, Eddie Rogers, Charlie Leonard, Emilie Sentous, Eddie Lewis, Homer Merrill, Constant and Domingo Amestoy, Morley Lago, Domingo Amestoy and Lawrence Wells.

Fletcher's Dinner.

Mr. and Mrs. George E. Fletcher of No. 3083 Hobart boulevard were given a jolly surprise on Monday evening, the honor of their birthday anniversaries and also as a sort of housewarming, this being the first affair in the hands of the new home. Cards and dancing were enjoyed and refreshments were served. Each guest presented the host and hostess with a fern as a birthday offering. Miss Nina A. Gregg assisted in entertaining.

Bush Dinner.

Adolphus Bush gave a dinner at the Hotel Alexandria on Monday evening, having covers laid for Lieut. Edward Scharrer and Messrs. Carl Conrad, F. A. Herrin, A. Magnus and Z. C. Farmer.

Iowa Visitors.

Mr. and Mrs. John Roth and daughter, of Ackley, Iowa, are visiting their daughter, Mrs. John Berner, on South Hope street. Mr. Roth is one of Iowa's prominent bankers.

Johnson-Anderson Tea.

Miss Lina Johnson and Miss Bonny Anderson have issued invitations for a tea to be given next Saturday afternoon at the home of Miss Johnson, No. 724 Coronado street, in honor of Miss Edith Campbell, a charming bride-elect, and for Miss Florence Cornell of San Francisco. Miss Cornell is a pretty girl who has visited here before. She has many friends. She is the guest of Miss Johnson for several weeks.

Mrs. Hayward's Tea.

Mrs. Henderson Hayward of Wilshire boulevard will entertain on Thursday afternoon with a charming luncheon in compliment to Miss Helen Snook of Kalamazoo, Mich., who, with her mother is visiting Mrs. Hayward. Miss Snook is a delightful girl and a bright one, being a graduate of Smith College.

For Mrs. Parker.

Mrs. Henry Howard Rose of No. 1235 Normandie avenue entertained with a charming luncheon yesterday in compliment to Mrs. Parker of Omaha, who is the guest of her mother, Mrs. Geo. Beck, on Green avenue. Greens and bright blossoms decorated the center of the table. The invited guests were Mrs. James F. Parker of Pasadena, Mrs. Parker of Omaha, Mrs. George W. Beck, Mrs. Russell B. Hallett, Mrs. William H. Fuller and Miss Frances Nicholson.

For Miss Duwille.

Mrs. Charles H. White of No. 1137 Ingraham street will entertain on Thursday afternoon with an informal tea and afternoon of music in compliment to her guest, Miss Blanche Duwille of Oakland, and also for her niece, Miss Beulah Daniels, a charming young musician of the city.

Pretty Belle Returns.

Mr. and Mrs. C. A. Smith, with their daughter, Miss Genevieve Smith, have returned to Southern California from Denver, where they have been since the fall. They have taken a cottage at Ocean Park, No. 17 Dudley avenue, for the remainder of the spring season. Miss Smith is one of the belles of the

Miss Genevieve Smith, a popular girl who is at home again after a year's absence.

Sawtelle, Santa Monica, Ocean Park and Playa del Rey. A stop was made at the Soldiers' Home, and refreshments were served on the trip through Redondo to Los Angeles.

Beside the host and hostess and guests of honor, those who enjoyed the ride were: Mr. and Mrs. J. J. Byrne, Capt. and Mrs. G. G. Mullins, Mr. and Mrs. E. R. Kellan, Mr. and Mrs. William Clark, Mrs. Coomo Morgan, Mrs. Kelsey of Pasadena, Mrs. William Beasley, Mrs. Jane B. Ridgeway, Misses Ethel and Mary Mullins, Miss Marjory Brown, Miss Green of Ireland, Miss Geraldine Thompson, Miss Mollie Adella Brown, Miss Ruth Anderson, Misses May and Katherine Ridgeway, and Messrs. Joe Easton, Lindley Charles Burnett, Charles Baxter and Ned Brown. Miss Beasley and Chauncey Kelsey.

Last evening Wilt Norris gave a dinner at the Jonathan Club for Mr. and Mrs. Harry Ainsworth, Mr. and Mrs. Jack Ainsworth and Miss Maude Ainsworth, and the guests were entertained later with a theater party. This evening Leigh Garney will entertain with a dinner and theater party in compliment to Mr. and Mrs. Ainsworth and Miss Ainsworth.

Sale's Brilliant Party.
Mr. and Mrs. Loren D. Sale entertained last evening with a brilliant ball at Kramer's Hall, having nearly four hundred of the elite as guests. The affair was given in compliment to Mr. and Mrs. Leslie Wilson of Chippewa Falls, Wis., sister and brother-in-law of Mrs. Sale, who have been visiting here for the past few weeks.

The large hall was effectively decorated with red, white and green, with ribbons and bachelors suggestive of the approaching Washington's Birthday. Miss Forman had charge of the decorations. In the upper hall was arranged a fetching canopy of red and white tulle and asparagus plumosus, and from the center of this swung an immense hatchet, ornamented with a great cluster of ripe cherries. Above the hatchet American flags of rich silk fell in graceful folds, and lace ferns drooped over the edges of the shining glass. Lights shaded in red cast a soft glow, and over the alcove in which Arend's Orchestra was seated a screen of palms and bamboo was arranged. Below stairs, where an elaborate supper was served, garlands of ferns and flowers, and American flags added a patriotic touch to the whole. Supper was served from small tables adorned with fancy baskets, filled with red carnations and ferns and tied with dashing red tulle bows.

Assisting the hostess in receiving the bevy of handsomely-garbed women and maids and the men was her mother, Mrs. R. F. Wilson, and Misses H. J. Jevne, Arthur H. J. Jevne, and Fred B. Jevne, F. O. Johnson, Jack Jevne, Fred Jevne and Erna T. Stinson.

For Mrs. Poshler.
In compliment to Mrs. Walter C. Poshler of Minneapolis, who is a visitor here, the Misses Poshler of No. 1676 Winfield street will entertain on Friday, February 22, with a large luncheon at the Los Angeles Country Club.

Eusebius Chapter Reception.
Eusebius Chapter, Daughters of the American Revolution, will celebrate Washington's Birthday with a reception on Thursday afternoon, from 2 o'clock to 5, the affair to take place at the Woman's Club House on South Figueroa street. Visiting daughters are invited. Women who will receive are: Misses Harriet S. Wright, Cameron E. Thom, Mary Bannis, Roscoe S. Ashley, W. E. Read, J. C. McCoy, Esthane Cole, Jr., J. W. Johnson, Horace L. Catter and W. W. McLeod. As the president-general has requested the chapters throughout the United States that an effort be made on Washington's Birthday to extend funds to the Continental Monument fund, the door receipts of this affair will be part of Eusebius Chapter's contribution.

Longman-Buttrick Nuptials.
Last evening at 8:30 o'clock, Miss Anna Florence Longman, daughter of Mrs. M. C. Silver of No. 240 Michigan avenue, became the bride of Clarence G. Buttrick, the ceremony taking place in Calvary Baptist Church. Rev. William B. Walker officiated. In the floral decorations for the church, a white and green color scheme was employed, and palms forming an effective background for masses of snowy roses and carnations. At the home of the bride, where the reception

Little Miss Noeline Gless, hostess at a pretty children's party.

raniums, and ferns, and red tulle bows draped the chandeliers. Valentines were distributed in odd corners. In the dining-room a Japanese umbrella was over the table and from this the four corners of the table strands of smilax reached. A canopy of smilax was arranged above and from this hundreds of red hearts of various sizes swung. A gorgeous Valentine of red silk and gold swung directly over the table. Place cards were red hearts and favors were red and gold butterflies. Red poppies filled with bon-bons were also at each place. Cakes and candies were suggestive of the Valentine season. Games were played and prizes won by Eleanor Workman, Edith Calla, Homer Merrill and Domingo Merrill.

A little dialogue, "The Doll Show," was cleverly rendered by Noeline Gless, Edith Vail, Benona Wartelle, Florence Baker, Anita Shaw, Frances Finlay, and Alma Vail. Masters Constant and Domingo Gless contributed instrumental music. Miss Josephine Williams assisted Mrs. Gless in entertaining the little folk. Little Miss Gless is a remarkably talented child and was one of the "minuties" in the "Toyshop." A year ago she distinguished herself as "Masstura" in the

Fronts on the Electric Railway—Excellent car service—Artisan water piped to each lot—Commutation fare between Los Angeles and Redondo Beach—Streets graded—Cement curbs—Fertile soil.

TOTEM ORGAN GETS NO HELP.

Unionists Vainly Beg Funds to Boost Paper.

Gauzy Nightmare of Industrial Cut-throats.

Fail to Bluff Business Men Into the Scheme.

A dust of union-labor "skates" have been making the rounds of drama banks, real estate companies and big mercantile establishments of Los Angeles, promulgating a proposition to establish a local newspaper, to be printed under the auspices of the union label and to class itself as a champion of the rights of the laboring man, and at the same time to have a complete "understanding" with the capitalists that they would use the paper for the purpose of instructing beleaguered workmen of the stand taken by the employers.

The scheme was beautiful in its simplicity. All the men who hold the purse strings had to do was to pay to these promoters a snug sum of money and then some other would do the work, and the paper would be established. Thus, they explained, all enemies between workmen and employers would be settled.

The first place to be entered by the scheme was the office of L. C. Erbrand, secretary-treasurer of the Title and Guaranty Trust Company. One of the totemists was a large, portly fellow and the other a small man with ferret eyes. They claimed all sorts of "union affiliations" and showed cards, each bearing the title of "union member." His antipathy to the scheme was so slightly concealed that he left in haste and asked and received the return of their cards.

The next call was at the office of Mr. Phelps of the American National Bank. Here the scheme was again unfolded in all its possibilities. The fellows went so far as to show a typewritten copy of the big men and big firms who they said, had already signed their check of donating money to the cause of the nebulous proposition.

Mr. Phelps explained his views, which, needless to say, did not involve money payment. Other concerns were visited with a similar result until the end of the day arrived.

For the scheme had netted the promoters nothing. On the next day a new list was selected. The two men continued the rounds of the time wasted upon the needy unionists and that they represented the "big men" back of the "labor movement" in Los Angeles.

Approaching one official of a big bank, the men grew radical when told that money would be forthcoming. They spread the threat that they had been so often tried to force unwilling citizens into contributions.

"I understand, sir," said the fat man, "that you owe all of your success in business to the workmen and you give him a portion of your gains for a meritorious project is that so?"

What the gentleman told the bullies did not look well in print. The fat man's reply was a puzzle to the bankers and merchants. The men seemed to represent the very best organizations of this city and a contribution was refused.

But the men invariably the case they had and received their cards in their hands to conceal their names. The fat man heard of the pair was that they had started for San Francisco where the totem rules the people and all freedom is a jest.

MINES AND MINING
WILL LEASE
MOHAVE CLAIMS.

GERMAN-AMERICAN WILL INTRODUCE NEVADA SYSTEM.

Miners Can Work Rich Shoals Taking Ore to the Company's Own Mill on the Ground for Treatment. Contract is Let for Building the Smelter at Good Springs.

Beginning March 1 the German-American Mining Company is going to adopt the leasing system. This company owns fourteen patented claims in the San Francisco mining district, twelve miles east of Needles, Cal. The large main ore bodies the company has developed at a depth of 225 feet are the Treadwell and Thirty-third parallel mines. The company will continue to operate these two mines for years.

In addition of these, they own twelve other mines. On the Irving Mine they have an ore shoot on the north end of the shaft that exposes ore running from \$20 to \$30 per ton. On the south end they have a shaft and tunnel exposing an ore shoot running from \$10 to \$20 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Pioneer mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Treadwell mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. On the Thirty-third parallel mine they have a shaft and tunnel exposing ore from \$15 to \$25 per ton. Invest Now in The

INNER HARBOR TRACT

Invest Where Development Assures Certain Profit

Don't wait too long, if you expect to share in the profit that early investors in the Inner Harbor Tract will secure. Low prices rule now—really less than the intrinsic value of this fine, well-improved property. But certain development assures certain increase in value. Nowhere in Southern California are values stiffening more rapidly, and for better reason, than right here at Long Beach. Buy Inner Harbor Lots. Buy now. Sixty days will see heavier demand at higher prices. Investigate. You'll see for yourself.

Lots \$200 to \$500--One-third Cash Easy Terms

Directly adjoining the lands of the syndicate which is making a harbor at Long Beach, the Inner Harbor Tract is in the very path of progress. Advancement is being made on the harbor project. One dredger is now working. Another begins this week. A third is on the way. Looks like business. So does the fact that the right-of-way, now secured, of the new Pacific Electric Road, between Long Beach and San Pedro, passes directly beside the Inner Harbor Tract.

look like business. Tremendous forces are at work on this strip of land between Long Beach and San Pedro. It will be the great industrial point for all Southern California. Just a small investment—that is all you need make to get your share of the profit that is bound to come. Don't let it pass—this common-sense opportunity. A thorough understanding of the situation, such as intelligent investigation will give, will show you that the time for action has arrived.

Inner Harbor
Tract Today**

Free Fares to Long Beach

If you live within 100 miles of Long Beach, we will refund your railway and street car fares to Long Beach and return, provided you purchase a lot or lots in the Inner Harbor Tract. Without discounting futures, this property is selling at prices less than its true value. If you don't investigate this proposition now, you'll regret it a few months hence, when the full realization of the possibilities and future of Inner Harbor property come home to you. Do it today.

TO BE WORLD'S
SHOW-PLACE

ADOLPHUS BUSCH
PASADENA

Monsieur Brewer is Enthusiastic
His Admiration for the Crown
the Valley—Says Our Climate
Exceeds That of the Famed Ri-

MADENA. Office of the Times, No. 100 Raymond Avenue, Feb. 28.—Madená has a great future in store for her, and in time will become one of the show-places of the world," said the Hon. Charles B. French this afternoon in an interview with a Times reporter. "The town here is unexcelled and is the second of that of the famed Riviera, beyond comparison. It is surpassing the growth that the city has attained during the past three years, both in point of inhabitants and artistic beauties."

in value to any great extent in the next few years?"

And, most certainly, I have great hopes for the future. But in all not only the future, but in the present, and I have proved my ability by making large investments. I really holdings both in the stock market and in real estate, here in New York and in the West. I have purchased more than 100 acres of land, all of which I shall improve in the next few years."

Buch's sunken garden has attracted the admiration of all of the farmers who have seen it. "It is a masterpiece and is a fine example of careful work and rightly appreciated," he says. "It is a masterpiece and is a fine example of careful work and rightly appreciated."

At the park has fired the laggard of many property-holders who are not taking any interest in the improvement of their own estates. When they see the sunken garden, they are sure to say, "I shall improve my estate in the next few years."

POMONA.

STANTZ LEAVES HOSPITAL.

POMONA, Feb. 20.—Homer Stantz, the proprietor of the Pacific Hotel who was engaged in a shooting affray with his wife on Wednesday night and was severely wounded was taken from the Pomona Valley Hospital in an ambulance last night to the hotel. The young man has shown wonderful vitality and recuperative powers and when he reached the hotel surprised the ambulance attendants, who were preparing to carry him to the hospital, by jumping up and walking up stairs to his bed. This morning the examination of Mrs. Stantz has been postponed until before Justice Barnes but by consent of both sides, it was continued until Saturday the district attorney's office wishing to await the condition of the wounded man. It is understood that Stantz sold his home of the hotel today and that he and his wife will leave when he is able.

CATALINA ISLAND.

ALAN: PAT IS DEAD.

AVAILON, Feb. 20.—Vale, Pat, and good-by! Pat is dead. Nine years ago Prof. C. P. Holden was a resident of Avalon, and being greatly interested in the fishes of Catalina, induced the Banning brothers to construct a small tank of Catalina marble and glass, which was placed in the yard of the Hotel Metropole and filled with marine animals. One night heavy rain fell and the next day nearly everything in the tank died. The exceptions were a few starfish and a small sheephead.

When the cause of the trouble in the tank was ascertained it was hastily drained and refilled with sea water, and to prevent a recurrence of the trouble it was placed on the hotel porch under cover.

A year later the aquarium was inaugurated and the little sheephead and tank weighed two or three pounds, and became the first exhibit installed.

"Pat" took kindly to captivity, was always glad to see visitors and did his part toward entertaining them, following them around the tank and breaking up against any hand or stick that would strike his back.

Up to about four years ago Pat had occupied his place of abode alone, but at that time a sea turtle was put in the tank with him. Pat at first resented the intrusion but not for long, for soon they became bosom companions.

The next morning he was found floating about in a frenzied way, one eye knocked out and his beautiful coat torn and disheveled. He refused to be comforted, but when his former companion was brought he immediately became calm. His injuries, however, had been so severe that he never rallied and last night he died, a victim to his affection for his companion. Pat had grown in the nine years of his captivity from three pounds to an estimated weight of twenty pounds.

TOWN CLOCK IN PLACE.

Avalon now boasts a town clock. A few months ago Charles Fairchild, a local architect, was given a free rein in building the new aquarium and waiting-room, and in remodeling the freight sheds and building near the postoffice. He has made a most artistic job of it and yesterday the mounted postoffice tower with a public clock, which is pointed to with pride by the citizens of the place.

TOURIST TRIFLES.

Several times a year D. M. Linnard of Hotel Maryland, Pasadena, organizes excursions from among the guests for Catalina. Yesterday was the initial one for this season and fifty people came over.

The crowds of tourists are increasing daily. Yesterday's steamer brought 40 and today's list numbered almost 600.

A party of New Yorkers, now at the Hotel Metropole comprised Mr. and Mrs. T. H. Wheeler, Miss M. H. Wheeler, Miss Stella Wheeler, R. B. Holmes, Miss Natalie Holmes, Mr. and Mrs. Alfred Costello, and Miss Costello.

Walter L. Badger, one of Minneapolis' largest real estate operators, with his wife and son, are at the Metropole, and yesterday they were joined by Mrs. Hild, wife of W. J. Hild, superintendent of the Minneapolis Street Railway.

"Hotel del Coronado" greatly improved.

SANTA MONICA.

MAY BE TWO ELECTIONS.

SANTA MONICA, Feb. 20.—One city election—if not two—is in sight. The County Supervisors this morning granted Santa Monica's prayer for permission to call a special election for the purpose of voting upon the annexation of the Palisades and other territory lying north of the present city limits. There were no protestants against the proposed annexation. The territory sought to be annexed is without inhabitants, hence the reference of the matter to the Supervisors.

It may be that at the same time Santa Monica will vote on the adoption of the newly prepared freeholder charter.

SANTA MONICA NOTES.

William L. Vinard, whose funeral was conducted in Los Angeles this afternoon, was for many years a resident of this city.

POMONA.
STANTZ LEAVES HOSPITAL.
POMONA, Feb. 20.—Homer Stantz, proprietor of the Pacific Hotel who was engaged in a shooting affair with his wife on Wednesday night and was severely wounded was taken from the Pomona Valley Hospital in an ambulance last night to the hotel. The young man has shown wonderful vitality and recuperative powers and when he reached the hotel surprised the ambulance attendants, who were preparing to carry him to his room, by jumping up and walking up stairs to his bed. This morning the examination of Mrs. Stantz was to have been held before Justice Barnes but consent of both sides, it was continued until Saturday the district attorney's office wishing to await the collection of the wound. It is understood that Stantz sold his lease of the hotel today and that he and his wife will leave here when he is able.

POMONA PARAGRAPH.
George Nicholson, who was sentenced by Justice Barnes to ninety days in the county jail for stealing a tent from a Lodi burg man, which story he tried to sell to a local second-hand store, was taken to Los Angeles by Constable Blanker this afternoon. Silas Trickey is expected to be released from the county jail in a day or two. Robert Steele is away on a business trip to Imperial. Dol, entertained his friends, Augustus B. Farnham, Adjutant-General of the State of Maine, and Mrs. Farnham, at the Pomona Hotel, with a drive about the valley. The party is staying in Los Angeles.

Most popular? "Hotel del Coronado."

SAN PEDRO.
BUILD STREAM ROAD?
SAN PEDRO, Feb. 20.—The Pacific and Gulf Terminal Railway Company, through its attorney, Wellington Clark, presented to the Board of Trustees an amended request for a franchise for a steam railroad over certain streets and in the outer harbor. The former application called for 200 feet in width in the outer harbor. This was reduced to seventy-five feet in the amended application.

Attorney Clark addressed the board stating that the corporation's representatives did not desire to conflict with any concession granted by Lieut. Miner. Trustee Frank moved that the Pacific and Gulf Terminal Railway Company pay \$20,000 into the city treasury by March 3, at which time the ordinance was passed. This motion was seconded by Trustee Mahar. Senator W. H. Savage, M. J. McDermott, L. Hansen and others spoke against hurried action and Trustee Clark withdrew the motion. Action upon the application was postponed for two weeks.

Attorney Clark refused tonight to disclose his principals in the Pacific and Gulf Terminal Railway Company. Permission for a hotel liquor license was granted by the board for a hotel to be erected on the corner of Seventh and Palms streets to be erected by Luke Kelly at a stated cost of \$50,000.

TO CELEBRATE CONCESSION.
A banquet will be given tomorrow night at the Anglin in Los Angeles, in celebration of the granting of concessions to the outer harbor to Lieut. Randolph Miner and associates by the Board of Trustees on last Tuesday night.

The affair will be under the auspices of the local Chamber of Commerce. Covers will be laid for about forty, the guests including Lieut. Randolph Miner, Gervais Furell, George Denis, H. S. Kneeder of the Pacific Electric, members of the Board of Trustees and members of the Chamber of Commerce, the committee headed by Senator W. H. Savage as chairman, and others.

President Frank Burns, of the Chamber of Commerce will act as toast master, and the following programme has been prepared:
"How the Fight Was Won," Senator W. H. Savage.
"The Future of San Pedro," Lieut. Randolph Miner.
"The Duty of a Trustee," James West, president of the Board of Trustees.
"Delivering the Goods," H. S. Kneeder.
"Mysteries of the Law," George Denis.
"Moulding Public Sentiment," Winfield Hogben.
"An Easy Engineering Feat," Gervais Furell.

"Hotel del Coronado," Society Resort.

ROW ON AWARDS AT CAT SHOW.

FELINE CLUB STIRRED BY MRS. MEHARRY'S LETTER.

Wants to Know Why Mrs. Gorton Got So Many Prizes—Because She Deserved Them, Say Nine Members Who Held Meeting and Laid Communication on Table for a While.

The Southern California Cat Club has its troubles. Ever since the three-day exhibition of aristocratic felines at the Chutes Park in January, the club has been laden with protests against the conduct of the show. Internal dissensions have threatened several times to assume an alarming attitude. In the end matters seemed to resolve themselves into a tempest in a teapot.

The club is presided over by Mrs. J. C. Gorton of Florida street, and supporting it are such well-known women as Mrs. O. H. Burbridge, Mrs. Fred Maier and others of the same standing in society. Many prominent cat owners and raisers from Los Angeles and the neighboring towns exhibited at the January show, and a gathering of certain dissatisfied ones has since been going about with large question marks on their countenances. Said they:

"Nine out of fourteen prizes were awarded to Mrs. Gorton's cats, and why?"
In the end it was proved last night, to the satisfaction of those present—nine people, and all sympathizers with the Gorton faction—that the Gorton kennels had really been awarded but six out of more than fifty prizes. Thirty-two of these prizes were solicited, it is said, by Mr. and Mrs. Gorton.

The principal interest in last night's meeting rested in a communication addressed by Mrs. George E. Meharry of Altadena to the secretary of the club. In this Mrs. Meharry, as a dissatisfied one, rather than as a member of the club, demanded that certain questions be answered.

Judges, Mrs. Elizabeth Knox and Mrs. J. W. Clough of Chicago, were biased by Mrs. Gorton, who was with them at the time of the awarding of the prizes, and the writer hinted that they might have some friendly interest in the awards. She also seemed to believe that certain cats had been entered by the Gortons when they did not own them. The charges in whole were made light of by the members present, after considerable protest on the part of Mr. Gorton.

Mrs. Gorton maintained that it was necessary for her to go about with the judges to classify the cats, as there was no one else on hand to do it. She stated also that the several times she waived her right to awards in favor of others. She adds that certain cats which were believed to have been entered as hers were in truth entered as those of their rightful owners, Mrs. Fred Maier and Mrs. George Utley, but that they were temporarily being cared for at her kennels, and so were sent with her cats to the show.

Mrs. Meharry was styled a falsifier by an angry individual, but others were more generous in admitting that Mrs. Gorton sincerely believed that certain rules of the National Cat Association of America, under which the club conducted its exhibit, were transgressed by the Gortons. These also maintain that as Mrs. Meharry is an ardent cat lover, she has been sorely wounded by the action of the club.

Mrs. Gorton states that she entered a large number of cats, and would have won if the show had not needed her support, and the number she entered was but nine. Two prize cups have not yet been awarded, as Mrs. Gorton is not satisfied as to the intention of the do-justice of the cups regarding their disposition.

BAILEY FIGHTS BACK.
Sends Communication to Civil Service Commission Intimating That City Assessor Has Prevaricated.

A. A. Bailey yesterday sent a communication to the Civil Service Commission alleging to have discovered that City Assessor Lewis is a direct descendant of an Ananias, and asking to be relieved from duty in the Assessor's office while Lewis is in charge.

Another letter from City Assessor Lewis sent to the Civil Service Board a communication to the effect that Bailey isn't worth his salt.

Excited "A" in Bailey's reply was a letter from former City Assessor William Lewis to the effect that Bailey worked for him in the Assessor's office for two years and that his work was entirely satisfactory.

While inclined to side with Bailey, the commission decided that his only recourse to do with the foolishness in the Assessor's office this spring. The place has been tendered him by the city.

Six of the last list of deputies sent to the Assessor by the commission have not been put to work. Mr. Lewis has been to a board of inquiry, and the result of the wherefore of this in which he alleges that the six men have placed elsewhere.

But one of the six has written to the commission that he did not get a chance to go to work, that he received no notification that there is a place for him.

The commission directed its secretary to send a communication to each of the six propounding these questions:
"Do you desire your name to remain on the permanent list in this classification?"

CIVIL SERVICE MISCELLANY.
Ira S. Richards, representing the Pacific Coast Biscuit Company, yesterday preferred charges before the Civil Service Board against J. H. Thorne, one of the extra deputies on the Tax Collector's list. Thorne was mixed up in the tax rebate sharp practice which the Auditor exposed three weeks ago. He used the knowledge gained from the "inside" to further his scheme. Richards alleged that Thorne went to the company's office and by false representation secured not only an assignment of the rebate claim which the company held against the city, but actually carried off the company's tax receipts, which he still retains.

The commission will take testimony in the case next Tuesday morning.

A request has been made of the City Attorney for an opinion as to the legal status of J. H. Hellman, city cement inspector. The Council appointed Hellman pending a civil-service examination for eligibility for the position. There is a question as to whether the Council has authority to make appointments in positions that come under the supervision of the building department.

EST. 1847.
Alcock's PLASTERS
A universal remedy for pains in the back (so frequent in the case of women). They give instantaneous relief.

Wherever there is a pain a Plaster should be applied.
Rheumatism, Colds, Coughs, Weak Chest, Weak Back, Lumbago, Sciatica, &c., &c.

MORE LIBRARY DROOL.
Foolish Farce Goes on, With Slams at Mayor Behind His Back—Must Come to End Tonight.

The "Tell Club" of which everyone is tired, went on with the library investigation last night. It must end tonight. The chairman put his foot down. Another bale of silly, trivial gossip, cheap scandal and old-woman talk was added to the already enormous and expensive record of the proceedings.

If this extremely lame and foolish farce is ever finished, that record, for the honor of the city, ought to be ceremoniously burned. It will not edify posterity to hear the manner of chaff, dug up at such fearful expense, to assail the Mayor with insults behind his back.

About the only person who hasn't anything to do with the foolishness was Miss Jones the librarian, supposed to be under investigation. Occasionally she got a stray, gratuitous insult as an overflow.

The wonderful inspiration on the part of the Department of Study and Research to the effect that it is not seemly for young ladies to mount ladders when folks are looking was frequently alluded to with deep admiration.

The long essay from Mr. Lummis on the subject was also read.

Directors Marabuta, Dockweiler and Truworthby gave long testimony with a view of showing the duplicity of the Mayor. They rehearsed the old charges against Miss Jones, her threats to resign, etc.

If you don't care to accept the evidence of all authorities that the water you use is impure—look at the deposits in the bottom of your tea kettle. VISIBLE proof there.
